

EZ-CLEAN

NEUTRAL pH AND OPTICAL BRIGHTENER - CONCENTRATED CLEANER

EZ-CLEAN IS A CONCENTRATED NEUTRAL CLEANER AND DEGREASER FOR USE ON ALL ENVIRONMENTAL SURFACES. IT IS BIODEGRADABLE AND NON-FLAMMABLE AND HIGHLY EFFECTIVE.

PRODUCT HIGHLIGHTS

- **Exceptional Soil Remover:** EZ-Clean contains unique penetrating and solubilizing agents that penetrate deep into greasy soiled surfaces and lift the soil layer off. It emulsifies grease, oil, and fats allowing easy flush off and removal.
- **Remains effective in hard water:** EZ-Clean has added water softening agents that make it effective under all water conditions.
- **Concentrated:** EZ-Clean is economical to use and can be diluted to effectively meet all various soil and cleaning conditions.
- **Mild:** EZ-Clean has a neutral pH and is not harmful to the skin and is not a sensitizing agent.

USES

EZ-Clean is designed to be used on all surfaces that water will not harm. It is effective in removing surface soil, grease and oily coatings wherever these problem coatings are a problem.

EZ-CLEAN

HOW TO USE:

For general use, add 1 to 4 oz. of neutral cleaner to one gallon of water depending on the degree of the dirt to be removed. Spread the diluted solution onto the dirty surface with sponge or a scrub mop. Allow the solution to remain on the surface for 1 to 5 minutes. For an excessively dirty area, use a scrubbing machine or a stiff brush. Collect the dirty solution with a squeegee and pick it up with a pan, wet vacuum, or mop. Rinsing is not necessary unless floor is very dirty.

PRECAUTIONARY STATEMENT:

Wash hands after handling. Do not eat, drink or smoke while using this product

FIRST AID:

IF SWALLOWED: Drink two glasses of water. Get medical help.

IF IN EYES: Flush thoroughly with water, lifting both eyelids, if irritation persists, Get Medical Help.

IF ON SKIN: Rise off with water.

IN CASE OF FIRE:

This product is not flammable.
