

EZ SOLVE 115

HIGH FLASH SOLVENT SOLVENT FOR CLEANING TOOLS & EQUIPMENT

EZ-SOLVE 115 IS A 100% VOLATILE SOLVENT THAT CAN BE USED TO DILUTE ACRYLIC SEALERS, CLEAN BRUSHES AND EQUIPMENT AND RELAX UNEVEN SEALER SURFACES

PRODUCT HIGHLIGHTS

- **100 % volatile:** EZ Solve 115 is completely volatile and leaves no residue.
- **Clear and colorless:** EZ Solve 115 does not effect the color or clarity of the seal.
- **Evaporation rate:** EZ Solve 115 is a slower, controlled evaporation solvent that reduces the drying rate of a sealer and makes cleaning tools, sprayers and brushes easier.
- **Safety:** EZ Solve 115 is a high flash solvent, combustible, but not highly flammable.

USES

Use EZ Solve 115 to reduce solids content of sealers for greater penetration or to clean equipment and brushes as well as spraying over an acrylic sealer that shows blushing or uneven surfaces to relax the surface and re-establish a smooth clear surface.

QUICK LOOK:

Type: 100% volatile solvent
Toxicity: Harmful if swallowed
VOC's:
Flammability: Flammable or combustible
Composition: 100% volatile aromatic solvents
Color: Colorless
Odor: Solvent
Coverage:
**Coverage rates may vary depending on porosity, texture, application method and prior sealer application. Excess buildup should be avoided.*
